Re: Fall 2010

Buckets of Juice: Enclosed are order forms for L'uva Bella (California) and Mosto Bello (Italian) winemaking juices in 6 gallon buckets. L'uva Bella juices will arrive weekly throughout September into October. The first truckload of Mosto Bello will arrive the first week of October. There is a limited supply of the Italian juices so we recommend that you pre-order. You may pay for these when you pick up. Any L'uva Bella pre-orders not picked up by October 16th will go back into inventory unless special arrangements are made. Mosto Bello pre-orders that are not picked up by November 6th will go back into inventory.

Grapes: *List below.* You need to Pre-order fresh grapes to get the Varietals you want. We do not order extra fresh grapes. The first shipment should arrive the second week of September. We should have a shipment or two the third week in September depending on demand. Grapes must be picked up within a week of arrival.

Pre-orders can be placed either by phone, fax or e-mail. We prefer by e-mail and you will get confirmation e-mail. For e-mail orders, please state Juice Order for the subject so it does not get deleted with the junk mail. Please try **not** to call in orders by phone on Saturdays, that is our busiest day.

Lounge: The tasting room and lounge are open for lunch, dinner or just for wine tasting Thursday, Friday, and Saturday from 11:00AM to 11:00PM. We have a full bar and you may purchase wine. We feature pizza baked in a wood fired brick oven. Our breads, pizza dough, and Sopressata are homemade.

Monday, Tuesday, and Wednesday 11:00AM – 4:00 PM
